

Peckham, G. W. 1908 The generic name *Rooseveltia*. Bulletin of the Wisconsin Natural History Society 6: 171.

1908

171

THE GENERIC NAME ROOSEVELTIA.

I find that *Rooseveltia* proposed by me for a genus of *Attidae* from Borneo, Trans. Wisconsin Acad. Sciences, Arts and Letters, Vol. XV, pt. II, p. 164 (1907) is preoccupied in Jordan and Seale's Fishes of Samoa, Dept. Comm. Lab. Bur. Fish., No. 25 (1906). I propose in its place *Ogdenia* after Dr. H. V. Ogden of Milwaukee.

GEO. W. PECKHAM.
